

Boarding Information Sheet

Pet's Name _____ Owner's Name _____

Arrival Date _____ Pickup Date _____

Note: We do not offer pickup outside of regular business hours

Emergency Contact: Name _____ Phone# _____

Medical Illness Policy: One of the advantages of boarding your pet at a veterinary hospital is that veterinary attention is readily available should the need arise. If your pet becomes ill, we call all emergency number(s) listed above regarding your pet's symptoms, treatment options, and estimates of additional costs.

I understand urgent necessary care will be administered to my pet and that I am responsible for all charges incurred for this.

For Your Pet's Health

To insure the protection of all pets under our care, the following vaccinations must be up to date:

Dogs: DHPP (Distemper combination)
Bordatella (Canine Cough)
Rabies

Cats: FVRCP (Distemper)
Rabies

**There will be a charge for examination and vaccination by a doctor.

I give my permission for the South Hyland Pet Hospital to update my pet(s) vaccinations in accordance with the above requirements.

We are pleased to offer boarding to our client's pets as part of our continuing effort to be a full service hospital. Please take a moment to read our policy guidelines and feel free to ask any questions you might have concerning these policies. Thank you.

Boarding Policy

Bathing of boarded animals: You need to tell us if you want your pet bathed before going home. Bathing is done by the kennel assistant and does not include comb-out. If you do elect to have your pet bathed, there will be an additional charge. Animals that soil themselves while they are boarding will be partially or fully bathed as needed at your expense. We will make every effort to ensure that your pet is kept clean and comfortable.

Feeding of boarded animals: Dogs and cats will be fed the appropriate Purina product unless there is a special need or request. Animals requiring a specific diet must supply their own food. Your pet will be fed twice daily unless you specify differently. Fresh water will be supplied as needed, but at least twice daily.

Other considerations:

1. Each dog and cat will be housed in an individual cage or inside run. More than one animal from the same household can be housed together if requested. We reserve the right to separate the animals if problems occur.
2. Cages are cleaned and sanitized twice daily.
3. Dogs are walked outside twice daily.
4. Cat litter boxes are replaced as needed.
5. Medications are administered as needed without additional charge. This does not include the cost of the medication itself.
6. Any medical problems that arise during the course of your pet's stay will be treated at your expense.

IF YOU WOULD LIKE A PERSONAL COPY OF OUR BOARDING POLICY, WE WOULD BE GLAD TO MAKE A COPY FOR YOU!

Owner's Signature _____

Date _____

Breed _____ Color _____ Caution, list type _____

We also require flea preventative be current on all boarding animals, **regardless of season**. A monthly topical preventative (flea collars are not an acceptable form of flea control) must have been applied within 30 days of boarding, otherwise I understand that South Hyland Pet Hospital will apply Frontline Plus, a safe and waterproof flea preventative product, to any boarding pet upon check-in. Standard cost for one product dose per pet applies.

- I applied the last dose to my pet on _____
- I have not used a topical product on my pet in the last 30 days, my pet will need this applied

Diet:
